

How to Lead and Achieve Results with Belbin Team Roles

- Are you looking to navigate today's evolving challenges and equip your team with the skills to thrive in a BANI (Brittle, Anxious, Non-Linear, Incomprehensible) environment?
- Are your team experiencing a talent drain due to workforce outflows and a shift in preferences among Gen Z?

This workshop will help you engage, develop, and drive better team results. With the **Belbin Team Roles and POA framework as the major tools**, we will dive into your team roles, and study how to **improve internal effectiveness and leverage multiple leadership styles in challenging situations**.

Key Takeaways

- Understand the significance of Team Roles and how they contribute to a team's success
- Discover your Belbin Team Roles and learn how to utilise your strengths effectively with the Report
- Learn practical techniques for building complementary relationships with colleagues and skillfully managing conflicts
- Explore approaches in engaging and developing teams and driving team results
